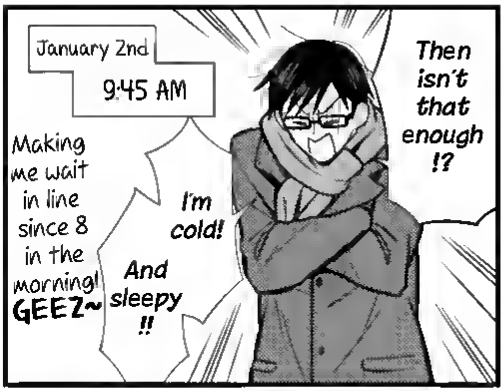
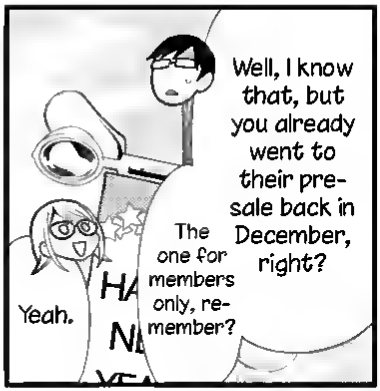
Chatter
Chatter...
Sorry, onii-chan. Are you cold?
Happy New Year~
It's the first day of the New Year sale!
2016
Here, a can of coffee.
Hey, Tamaki?
What is this line for..?
Hm?
Well...



January 2nd
9:45 AM
Making me wait in line since 8 in the morning! GEEZ~
I'm cold!
And sleepy !!
Then isn't that enough !?



Well, I know that, but you already went to their pre-sale back in December, right?
The one for members only, re-member?
Yeah.

Attention customers
But that's not.
but the New Year sale has special featured items.
Of course I already bought what I wanted from the pre-sale,

Whenever something I want is within reach
?

Nothing's gonna stop me from getting it...

Grip
See, onii-chan.
for a student like me...

To avoid congestion and dis-order,
the store will be opened very shortly
chatter...

krrt
Slam
That was so scary...
Eek...
What was that...
rumble
!?
Wah
rumble
rumble
Uwah

Uwoh
You've already bought that much...?
I'm still gonna stop by a few more places.

Wobble
Onii-chan!

BARGAIN
かやかや
But everyone sure is lively...

Ah...
Is that ...!!
!!
A lot of people are buying grab bags,
but I'm just here for the New Year sale.

Ah... You're wearing it right now.
This isn't even my 4th time wearing it yet...
30% off
The coat I bought at the pre-sale...
It's even cheaper now ...!!
It was 15% off before!!
Fwoo
Wait wait wait...
If we divide the difference by 3, then each time I wore it is worth...
Waaa!
Stop stop stop!!
I'll go take another look around!!
Guh
That kind of calculation is meaningless.
If you wanted it at the time you bought it, then that's fine, right?
OOGGH~

I've never been to a clothing store when it's packed like this before
Sales like this probably only happen once a year
I don't really know what I want to buy, so I'll just look around
There're this many people who came here to buy clothes! There's bound to be something that I want to buy
.....

I'll hold it for you...
SLOUCH
Haa~
Maybe I got a bit too worked up...
Eek~
I didn't buy anything useless, but I had to work so hard at my part-time job for this day~
Now I'm broke~
Well, I get it too.
The same thing happens at the supermarket.
When something is cheaper than normal, people scramble to buy them, and always end up buying too much...
Did you buy anything, onii-chan?
Just these.
AHAH
...is what I would like to think!!
But I don't regret any of it!

Bonus Chapter #3 END

Let's check on the internet...
I wonder if they still have anything good left.

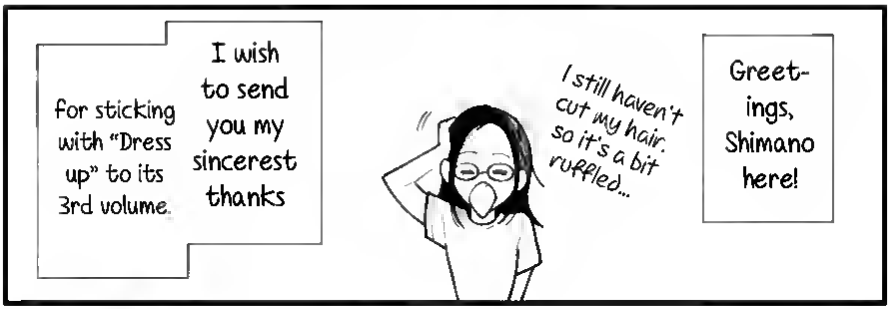
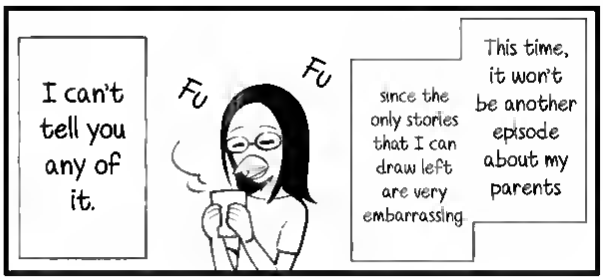
Afterword

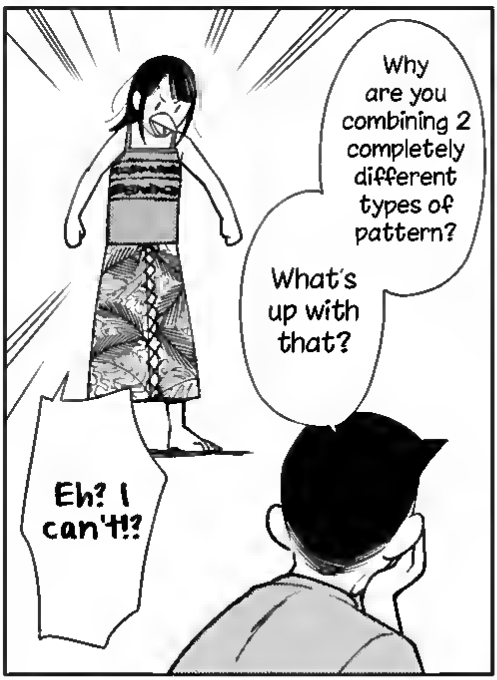


Greet-
ings,
Shimano
here!
I still haven't cut my hair, so it's a bit ruffled...
I wish to send you my sincerest thanks
for sticking with "Dress up" to its 3rd volume.

COUGH
Instead of that...



I can't tell you any of it.
Fu
Fu
since the only stories that I can draw left are very embarrassing
This time, it won't be another episode about my parents



Why are you combining 2 completely different types of pattern?
What's up with that?
Eh? I can't!?

Ow, my head...
One time, long ago, he pointed out my lack of fashion sense.
You see, there was this one guy who was an old friend of my brother

Hey, what the hell are you think-ing?
Eh?

In other words, a sadness caused by having no idea what coordination is

This phenomenon is caused by wearing clothes that you like together without a second thought

Back then I loved super dense prints...

Both of them are... Hawaiian?

And just like that, the distance between me and fashion kept getting bigger

No idea. I'll just go to bed...

snore

Stare...

but what is "good" and what is "not good"...?

So combining 2 completely different types of patterns is no good...

"10 THINGS YOU SHOULD KNOW ABOUT CLOTHES BEFORE GETTING LAUGHED AT"

This!

It made me look back and reflect on my past self

The one thing that everyone should know is probably

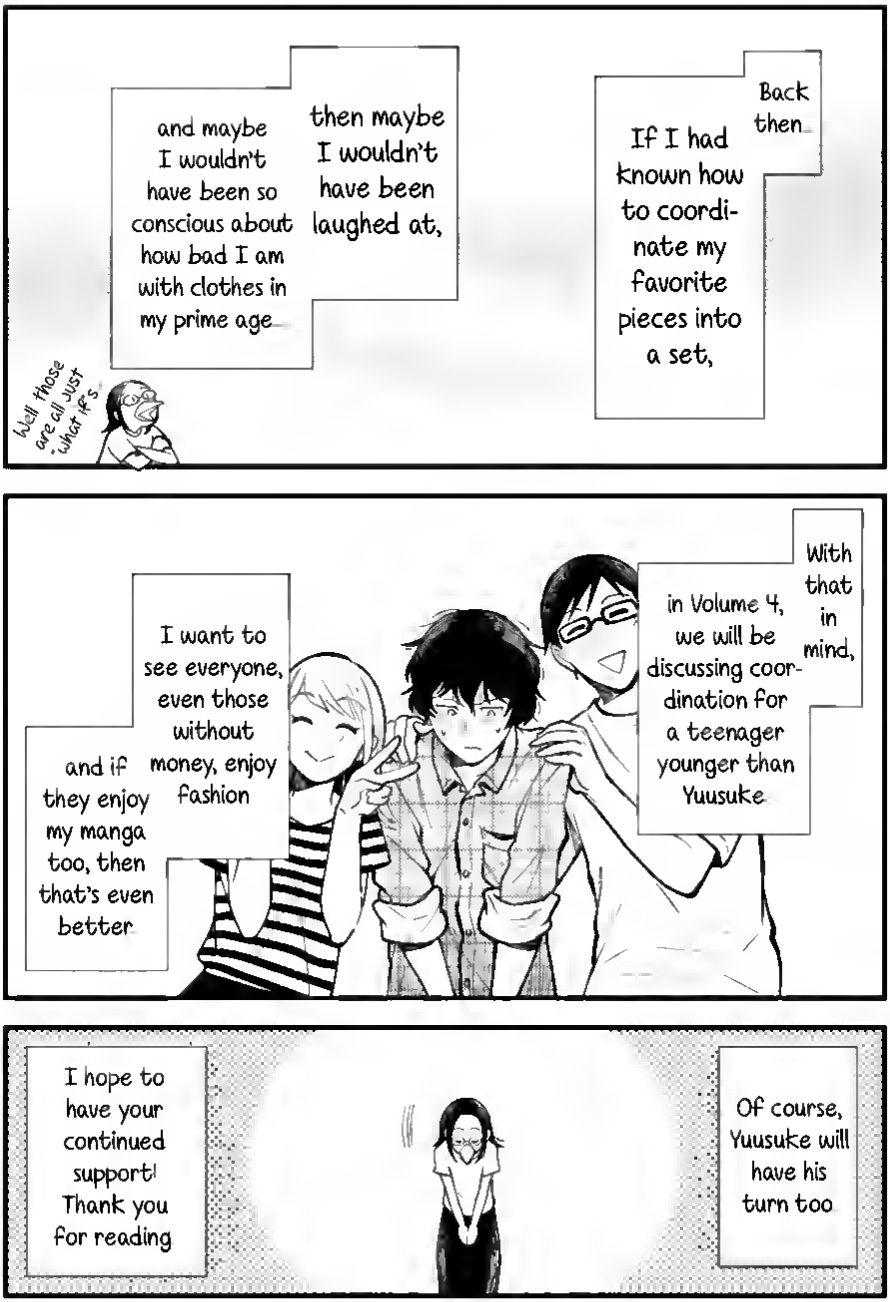
Fastest way to achieve fashion

MB

You don't need sense or a magazine!

MB-san taught me, way back from when I was just starting out

basic fashion knowledge that can be applied to any genera-tion



Back then...
If I had known how to coordinate my favorite pieces into a set,
then maybe I wouldn't have been laughed at,
and maybe I wouldn't have been so conscious about how bad I am with clothes in my prime age...
Well those are all just what if's
With that in mind,
in Volume 4, we will be discussing coordination for a teenager younger than Yuusuke.
I want to see everyone, even those without money, enjoy fashion
and if they enjoy my manga too, then that's even better.
Of course, Yuusuke will have his turn too
I hope to have your continued support! Thank you for reading
